Finishing for Knitters-Workshop

Saturday, March 7, 2009

9:30–4:30

WTREC

605 Airways Boulevard
Jackson, Tennessee

Designed for the advanced beginner to expert knitter, special techniques will be explored, including basics about preferred methods of picking up stitches, seaming, buttonholes, where to start sweater finishing, and blocking. A special exercise in "Yarn Diagnosis or What Should I do with this Yarn?" session. Bring a small bag or a few skeins of "mystery yarn" and we'll share ideas about how to use them. Some of these ideas and procedures are not generally found in most available instructions. A personal book stash and finished garments will be on hand for students to see.

Students will bring swatches and practice finishing techniques on the swatches. More information on knitting the swatches and items to bring for the workshop will be provided when registration is received.
